# Underage Drinking

April is alcohol awareness month and the Charlotte Mecklenburg Drug Fee Coalition wants to help our community prevent alcohol abuse among our youth. According to the Centers for Disease Control and Prevention, alcohol among teenagers is a major public health problem. It is the most commonly used and abused drug among our youth and although drinking by people ages 12 to 20 is illegal, this age group accounts for 11 percent of all alcohol consumed in the United States. In 2008, there were approximately 190,000 alcohol related emergency rooms visits by people under age 21.

We encourage middle school and high school students to attend this free seminar with their parents to learn how to prevent alcohol abuse.

**Prevent Underage Drinking**  
**6 – 7:30 p.m., Thursday, April 14**
